Nordic Co-operation

The Nordic countries have a shared pavilion at COP24, co-ordinated by the Nordic Council of Ministers. We invite you to join us for discussions, knowledge sharing and networking.

Under the heading **Sustainable development the Nordic way**, the Nordic Pavilion will highlight and discuss Nordic Climate Solutions and challenges and draw parallels with the global Sustainable Development Goals.

→ Pavilion H14, Pavilion Area

Come by, join one of our many events to learn more about Nordic Climate Solutions, ask questions and take part in the dialogue and discussions on solutions and challenges.
