EUROPEAN  
REGIONAL  
DEVELOPMENT  
FUND

# Water and Development

## SIWI and Swedish Water House

**Water and Pharmaceuticals:  
Focal areas along the life cycle**

Develop or  
identify

- criteria for SPPP to reduce emissions of pharmaceuticals from production

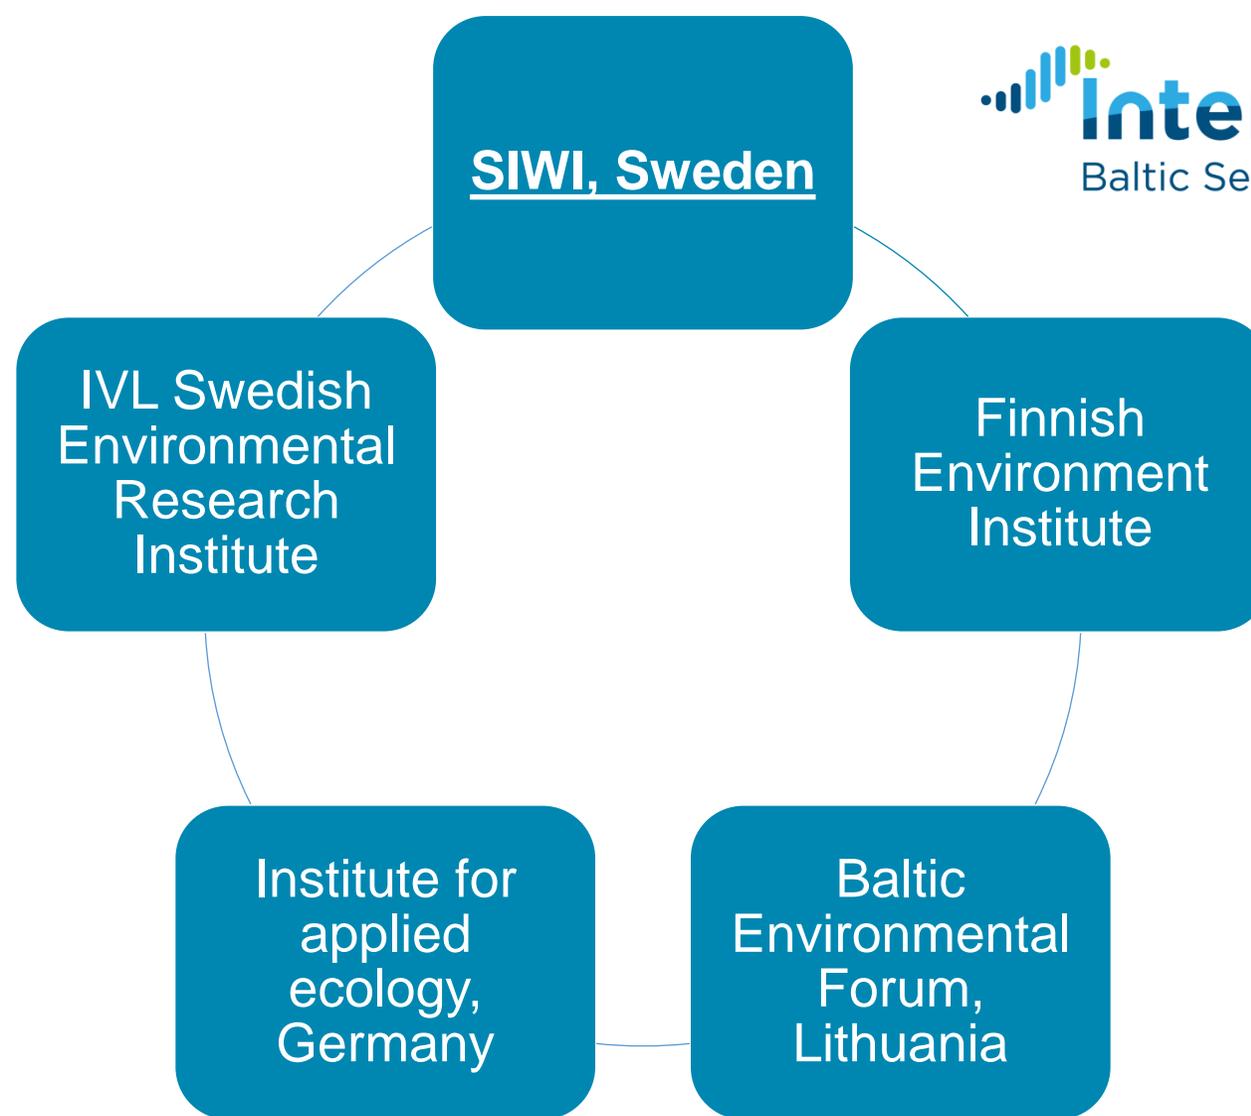

Test

- sets and levels of criteria with volunteering companies: from effluent management to resource efficiency

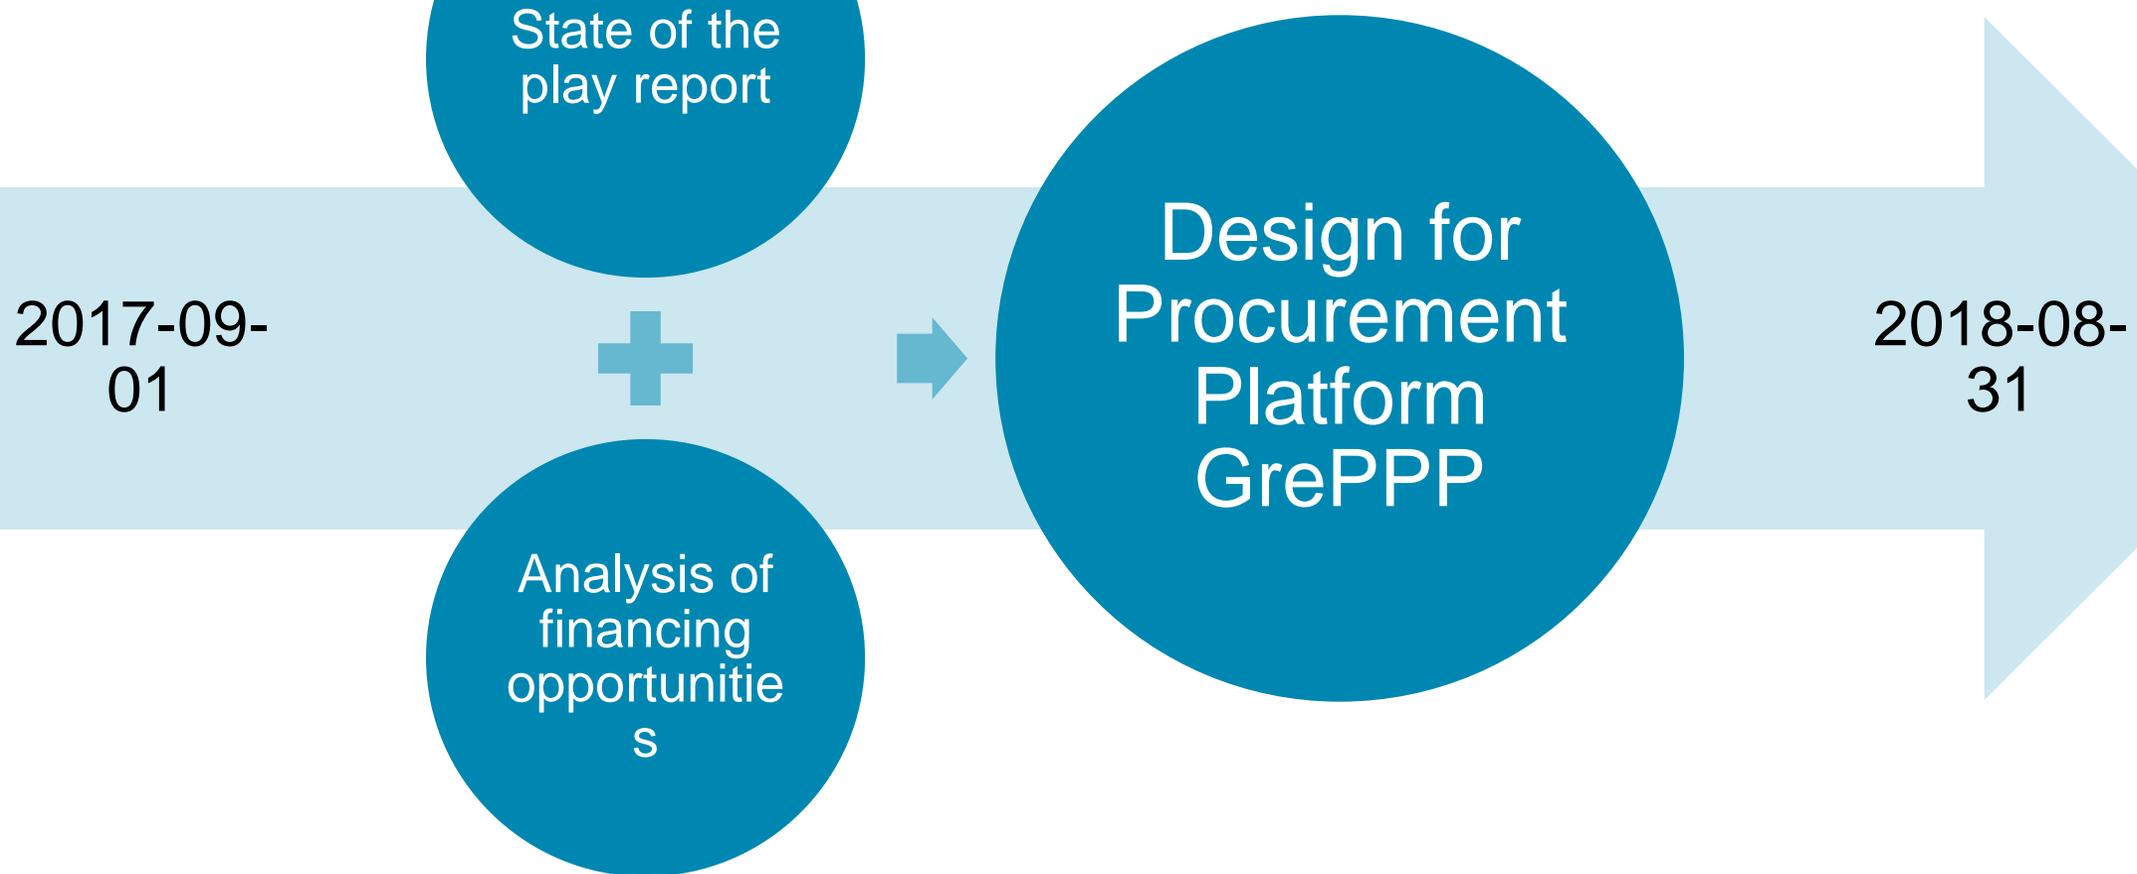

Promote and  
harmonize

- practicable tools and guidelines for SPPP (objectives, level of ambition transparent follow up, rules and procedures in case of non-compliance)

**Key Objectives: reality check and mutual understanding between supply and demand side**

**Seed money #008: GrePPP**
